

New CCB Fall 2009 Training Catalog Now Available

September 24, 2009

Wallingford, CT – The CCB is pleased to announce the new Fall 2009 training catalog is now available on the CCB website. The catalog features a wide array of training events on current trends, evidence-based practices and science-based content within the behavioral health field and offers several types of learning opportunities including live workshops, webinars (web hosted meetings where participants can view content online and interact with the instructor over conference calls), blended courses (workshops and self-paced learning module courses), electronic self-paced (electronic workbooks on CD) and computer-based distance learning programs.

The catalog includes several types of training events such as full and half day workshops, evening and weekend events and multiple session courses. While most of the courses are without cost and open to the public, some courses will have registration costs. Scholarships and payment plans are also available.

The catalog will be published three times a year on the following months:

Fall – October, November, December & January - **published** around August

Spring – February, March, April & May - **published** around December

Summer – June, July, August & September - **published** around April

The New CCB Fall 2009 catalog features:

- **Over 60 Workshops!**
- Courses on Evidence-Based Practices and Professional Development
- **More than 30 FREE workshops!**
- 6 FREE Webinars on new SAMHSA publications
- 8 self-paced Distance Learning Programs approved for CCB initial/recert hours
- Several Blended Courses (workshops and self-paced course materials) including the **Medication Assisted Recovery & Co-Occurring Recovery Counseling** programs
- Several new courses offered on current trends and topics
- New CCB Certification Process Course format and expanded Coaching Sessions
- Discounts offered for learning program packets
- Scholarships and payment plans available for most programs
